

# **Testing Schur Group Theory Software in C Language + E Theorem Prover [ETP] in C & Python Programming Languages w.r.t Understanding Corona Virus + its New Strains.**

We are testing lot of “Formalisms” involving both the above mentioned Software & Corona Virus related “Symmetries”.

***Rigorous Testing in Progress @ the TIME of Submission.***

[a] <https://www.vixra.org/abs/2006.0119> -> COVID-19 is far from over so we are trying novel algorithms to probe its mechanisms.
