## ***[I] Main Idea + Inspiration + Introduction :***

Using the PyTorch JIT Compiler with Pyro -> We are probing COVID-19 R&D Efforts using Python.

## ***[II] R&D Informatics Framework :***

*One of our main frameworks is shown below -> [https://www.vixra.org/author/nirmal\\_tej\\_kumar](https://www.vixra.org/author/nirmal_tej_kumar) -> we have already presented some interesting technical notes for your use.*

*We are generating our own Frameworks - Please generate your own.*

## ***[III] Important References :***

*[a] <https://github.com/tejdnk-2019-ShortNotes> -> Lot of examples w.r.t Multi-disciplinary R&D Approach.*

*[b] <https://pyro.ai/examples/index.html> -> Excellent Reading Materials.*

## ***[IV] Acknowledgment/s:***

*Sincere Thanks to all WHO made this happen in my LIFE.Non-Profit R&D. Inspire others always.*

## ***[V] Conclusion/s with Future Perspectives :***

*An Excellent Pioneering R&D Efforts in developing Bio-informatics Computing Frameworks.*

***[ THE END ]***
