Designing a Sobol Sequence Generator [SSG] based Quantum Ruby Informatics Framework w.r.t Quantum Computing + QRNG + AI + Rabin Finger Printing Using Ruby/mruby Programming Language -> A Simple & Useful Technical Communication.[Version II]

[Testing Hardware + Firmware + Software Using SSG w.r.t Ruby]

{ Rigorous Testing in Progress @ the TIME of Submission.We are probing Cyber Attacks on Hardware/IoT using our R&D Algorithms }

Just fine tune our algorithm/s presented in our technical notes.Thanks.

Non-Profit R&D.
